

# Early Intervention

Early Intervention (EI) is a program designed to help families support the growth and development of their infants and toddlers, birth through 3, who are delayed in their development or have a diagnosed medical condition known to cause developmental delay.

## Early Intervention will:

- Listen to your concerns and answer your questions;
- Evaluate your child at no cost to you;
- Provide you with information about the development of your child and make a plan for next steps.

Parents who have concerns about their infant or toddler's development can call Early Intervention directly.
